Fine Print

The School Bus charge includes transportation and one set lunch at The Schoolhouse.
Great Wall park entry and attraction fees are not included and guests wishing to enter the park, ride the cableway, chairlift, or toboggan need to purchase tickets for these separately after arrival.

The "School Bus" means a vehicle appropriate for the number of people who have booked the service at our option. When there are few guests in low season this usually means a sedan as we have never cancelled the service on a scheduled day when even one guest has reserved, though we do reserve the right to cancel and would advise guests in that case.

The School Bus stops at The Schoolhouse but we will arrange lifts up to the entrance to the Great Wall at Mutianyu, a couple of minutes away, at our convenience, at no additional charge.

We cannot guarantee early returns to Beijing even if all passengers wish, though we will try to accommodate.

No date changes or exchanges are allowed.

There will be no refunds for one way or round trip service for any reason except service cancelled by The Schoolhouse for its convenience.

The Schoolhouse has arranged vehicles for The School Bus service from independent licensed contractors solely as a courtesy for guests. Passengers take the conveyance solely at their own risk and accepting transport shall constitute waiving all claims against The Schoolhouse respecting the conveyance. Passengers are required to adhere to all rules regarding the service which The Schoolhouse may from time to time implement. The Schoolhouse reserves the right to deny transport and/or to withhold refund for same to any passenger who fails to comply with the rules in the sole judgment of The Schoolhouse or the driver of the vehicle.
